

Specialist Training Day Opportunity– reaccreditation - July 7 at Community Centre, Wickepin

Combine your ChemCert WA refresher with a comprehensive overview of chemical issues in today's grain business from industry specialists.

This 1-day programme gives you the opportunity to complete a Spray in Grain refresher course to maintain ChemCert WA accreditation with specialist input from **Craig White, Technical Adviser with Bayer** and **Peter Vella, State Manager of Hardi Australia**. Including:

- latest in application technology
- spray drift and spray quality considerations
- weed control efficacy and crop safety
- how chemicals work (MOA)
- soil and environmental effects on different MOA chemicals
- resistance
- toxicology
- environmental studies
- mandatory label statements .. and much more

FARMREADY REIMBURSEMENT GRANT APPLIES

Course cost: \$299 reimbursed by FarmReady for eligible growers, their immediate family and managerial workers.
